

# 25 Years of Caring, Healing & Sharing

LSI celebrated 25 years of faithful service to the citizens of Kyrgyzstan during the first week of September. Dr. Joseph Yu, Chair of the Luke Services International Board of Directors, and Mr. Daniel Wong, Executive Director of Luke Services International, helped our staff, donors, and partners reflect on all that has been accomplished over the last 25 years, while also initiating discussions about what needs to be done moving forward. An Academic Symposium was held on September 6, attended by more than 100 people, followed by a banquet the next day to honor staff and supporters.

A Certificate of Recognition from the Vice Mayor of Tokmok, Kyrgyzstan, was awarded to Hope Center during the 25th celebration banquet.

A group of children performed at our 25th celebration banquet.

For over 25 years, LSI Hope Clinic in Kyrgyzstan has served up to 45,000 clinic visits annually. Medications are free, and the few nominal costs are well below the charges of public hospitals.

Dr. Samuel Cheung, Founder of Hope Clinic, and the dedicated medical staff took a commemorative photo together.
