Our Partner-Pingtung Christian Hospital (PTCH)

was established by missionaries from North America, Norway, and Finland. These devout believers dedicated their love through Christ to serve the medical needs of women, men and children in southern Taiwan. Over the decades, what began as a small clinic has grown to become a regional teaching hospital with more than 600 beds. They have also expanded their care for patients at a number of smaller community hospitals; in Taiwan, and also in the Republic of Malawi, a landlocked country in southeastern Africa. 屏東基督教醫院（PTCH）由來自北美、挪威和芬蘭的宣教士創立，憑着對基督的愛，服事台灣南部的醫療需求。由小診所發展為擁有 600 多張病床的教學醫院，並拓展至多家社區醫院及非洲馬拉威，持續提供醫療服務。

CEO of PTCH and the
