

**ELDER WONG'S
LETTER**

Mission JOURNEY

**June
2026**

While many LSI staff are leading short-term mission trips this summer, I will be visiting our project sites in **Kyrgyzstan** and **Taiwan**.

In **late July**, I will travel to Kyrgyzstan to meet with the Minister of Health in Bishkek about bringing American medical and mental health specialists to conduct seminars for local professionals in 2027. I will also visit our 40-member Hope Center staff in Tokmok and meet with architects and construction managers regarding the Hope Center expansion, including the new dental facility and clinic growth plans.

From there, I will travel through Korea to **Taiwan** to meet with Pingtung Christian Hospital leaders about future international collaborations. I will also spend time with Hope Center staff in Taichung discussing recruitment and facility expansion, and, if possible, meet with Christian leaders in Taichung and Taipei.

My trip will conclude with two days in **Hong Kong**, visiting old friends and several seminaries that have previously partnered with LSI.

Please pray for my health during this busy **two-week journey**. I recently suffered two falls, injuring my right ankle, both knees, and lower back, and I am praying for a full recovery.

我將於七月底前往吉爾吉斯與台灣，拜會BISHKEK衛生部官員及合作夥伴、探討醫療與事工拓展計畫，並於台灣探訪希望中心團隊，最後經香港返程，懇請為其兩週行程及身體康復代禱。
